

## MR MIBBLER LEAVE YOUR THOUGHTS HERE

*Leave Your Thoughts Here* is Mr Mibbler's third album following *The Long Journey*, which was released in January 2021. Mr Mibbler comprises musicians and producers Thom Hell, Jørn Raknes and Vidar Ersfjord, and this time they have invited an incredible number of first-class Norwegian musicians to play around in their musical world. The guest musicians have been the inspiration behind the tracks and Mr Mibbler has built the songs around their contributions. Among the guest artists we find leading artists in their genre, both in Norway and internationally. This makes *Leave Your Thoughts Here* a musical journey of different moods, exciting instrumentation and a wonderful mix of genres. You will hear folk, jazz, ambient and electronica performed by the very best musicians in Norway.

### MEET THE ARTIST

Here are three musketeers who know their trade. They used to carve their verses from the noblest of woods and polish the refrains again and again until they shone like the purest gold. Now they are picking up broken pieces and fool's gold, catching fleeting ideas out of thin air, building shaky constructions that hover on the brink of collapse, but then lean on each other to grow strong and sturdy. They got bored with the middle of the road, stumbled off the beaten path and entered the wasteland. They are Mr Mibbler.
