DJANGO NOVO, TOV RAMSTAD THE DISTANCE

The Distance is a piece of modern rock and pop art created by duo Tov Ramstad and Django Novo. Centered around the cello playing of Tov and Django's vocal they have managed to build a new exciting sound around well-written lyrics giving the listener a deep cinematic experience. To further expand their sound they have invited a selection of brilliant musicians to add trumpet, keyboards and harmonica always with carefulness and true to the duo's vision.
