## MARIA BRYM MORE LIKE YOU

Norwegian artist and singer/songwriter Maria Brym explores modern songwriting and pop music in a retrospective sound. Some of her songs appear epic and bold, while others are stories told in kind and gentle musical surroundings. Her love for 80's pop and inspiration from Kate Bush might seem evident at times, but Maria has a personal and wonderful way of writing her melodies. Together with her production team Bård Berg and Anders Egil Meyn Jensen she has created a modern album with lots of charm and nostalgic references.
